# Why do we cycle?

## 为什么哥本哈根人骑车出行

Reason for cycling?

哥本哈根人骑车的原因是什么？

- |                     |        |
|---------------------|--------|
| "Easy & Convenient" | 简单而方便  |
| "It's quick"        | 快速     |
| "For the exercise"  | 可以强身健体 |
| "It's cheap"        | 低成本    |
| "It's eco-friendly" | 环保     |

There's all the big  
fancy stuff

**But the basics need to be in place**

**Good basic prober  
cycling infrastructure**

# The cycle track 哥本哈根自行车道

Cycle tracks along all  
major roads  
所有主要马路伴有自行  
车道

A two curb track in both  
roadsides  
马路两边的自行车道有  
两个路沿

100 year of experience  
100年的经验

# The Lake Route 湖边路线

# Greenways 为什么建设绿道

Enhances the quality of life  
and enjoyment of the city  
Gives citizens an alternative  
to busy roads  
提升生活品质并享受城市  
给市民一个选择

A relaxed ride  
一个放松的骑行

Free from motorized traffic  
从机动交通中自由出来

# Intersections 路口

# Intersection design 哥本哈根的路口

To prevent accidents and give cyclists security:

- Normally cycle track (or lane) to stop line
- Narrow cycle lane to stop line
- 1-2 blue cycle crossings per intersection
- Withdrawn stop-lines for cars

为了防止事故，给骑行者安全：

窄的自行车道和停车线

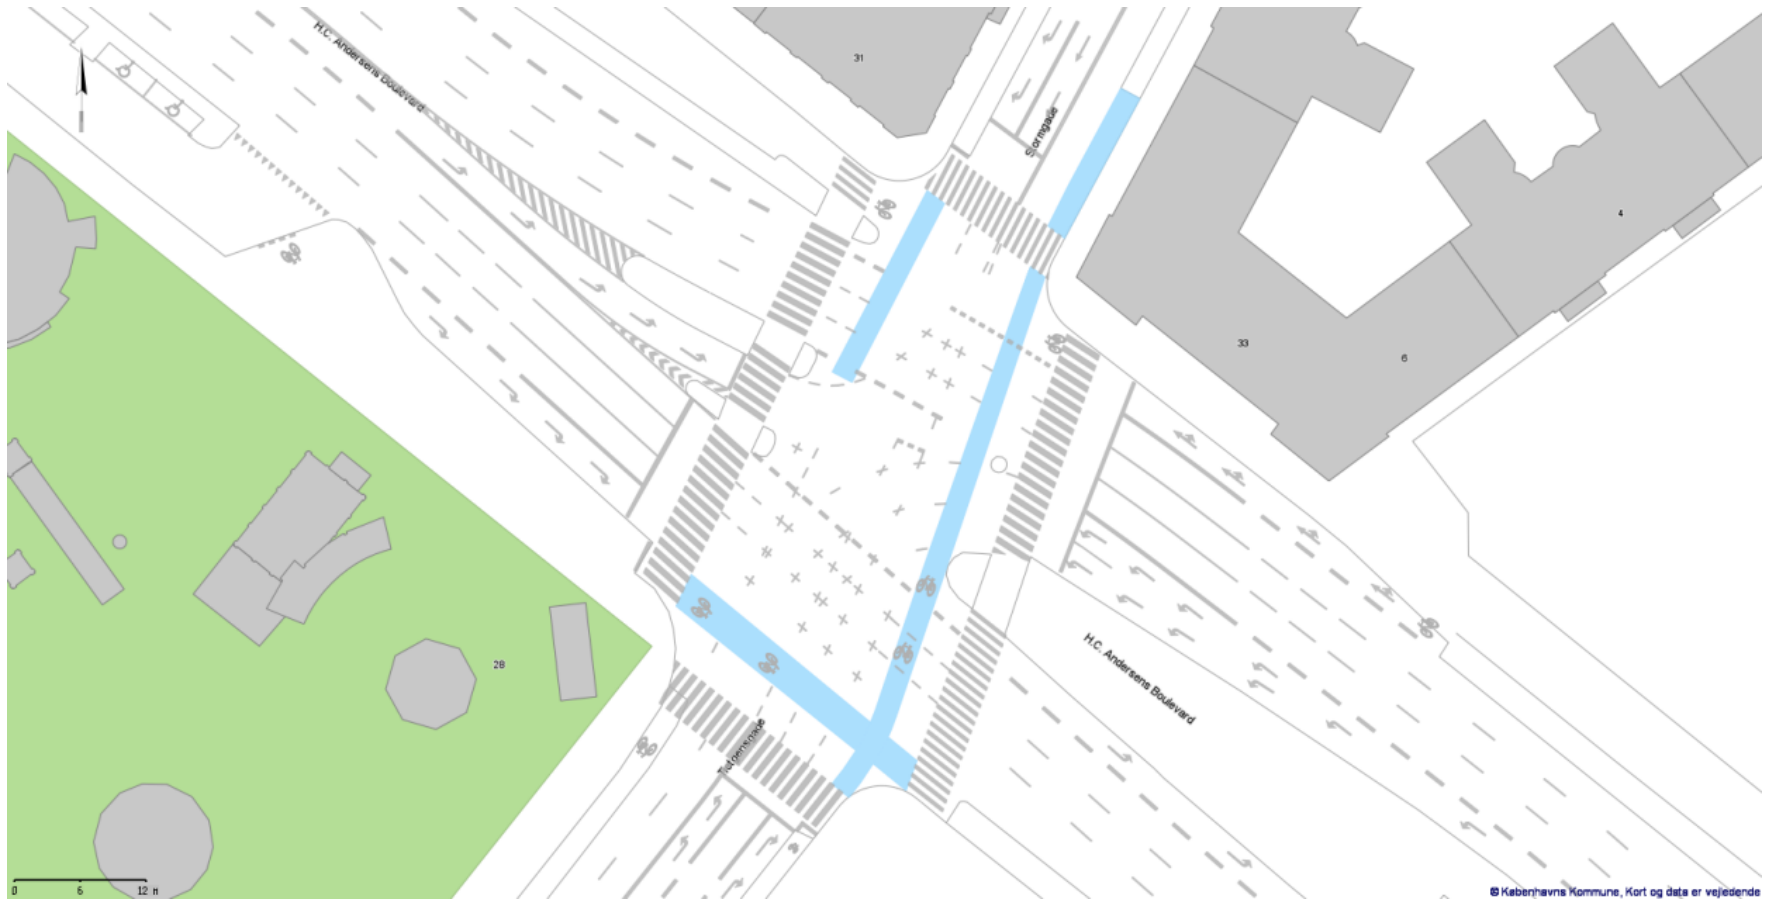

通常自行车道到停车线

每个路口1-2条蓝色骑行道交叉

汽车的停车线后置

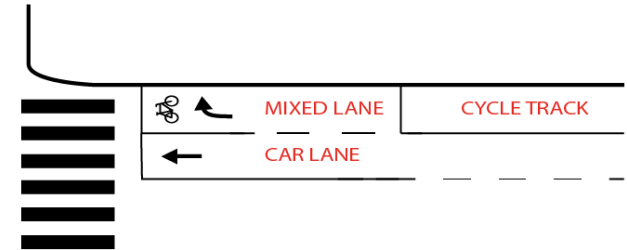

# Intersection - The Blue line 哥本哈根路口

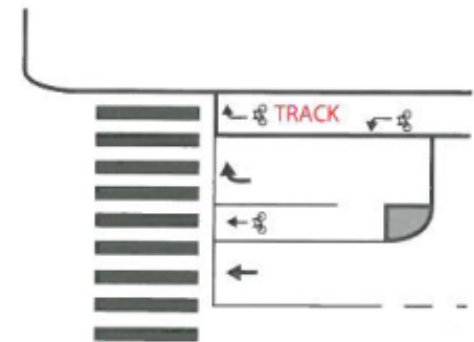

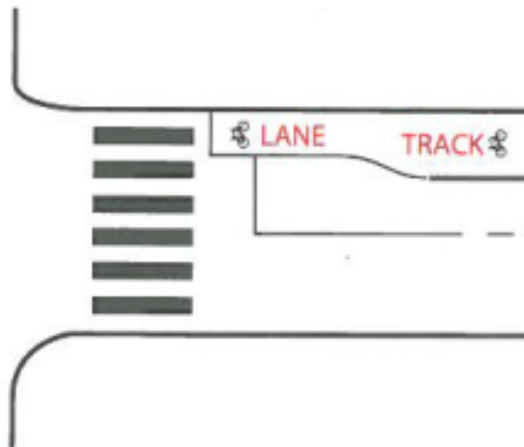

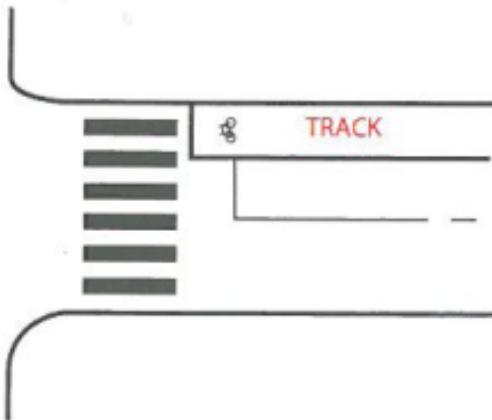

Focus on intersection design has increased in recent years to improve safety, feeling of safety and cycling travelling speed.

近年来尤其注重路口的设计, 以提高安全性和自行车通行速度。

Truncated cycle track  
截短的自行车道

# Green-wave

## VINTER I KØBENHAVN

Når vinteren kommer, gælder det om at få saltet og ryddet veje og fortove for sne, så alle kan komme godt og sikkert gennem byen.

Læs mere om Teknik- og Miljøforvaltningens opgaver og om de opgaver, du har som grundejer.

**So the Secret it's a combination of big and small**

**And we don't forget our cyclists - not even in the winter time**
